6:3: Leave/ Deputation

(iv) ~~Earned leave in respect of Prof Binod Singh,
NEHU, Shillong.~~
NEHU, Shillong.

Dr. Vinod Singh, Reader, deptt. of ISOSB, NEHU, Shillong, had applied for duty leave for 90 days but was regretted by the 96th E.C. Resolution No. EC:96:98:6:3:(iv) on the ground that he had just resumed after 2 years from study leave sanctioned w.e.f. 20.2.95 to 19.2.97, but curtailed upto 13.2.97 (Annexure I). Subsequently, he had requested for 90 days EL of which he availed for 76 days w.e.f. 6.4.98 to 20.6.98 to visit Wichita State University for Research work.

The purpose of leave applied and since availed by Dr. Singh, is very clear (Annexure II) that he was to join as a visiting Professor of Biological Science following his appointment at Wichita State University, and will be paid by the Institution a stipend to support his leaving expenses for three months. Clause 19(f) (9) of Ordinance OF-6 states, that a teacher on leave shall not without written permission of the University taken in advance, engage directly or indirectly in any trade or business whatsoever or in any private tuition or other work to which any emoluments or honorarium is attached.

Secondly, as per ordinance Clause 10(viii) of OF-6, Dr. Singh on his resumption of duties from study leave did not complete to serve the University for a continuous period of study leave availed by him. In either case, Dr. Singh by his action, has violated the ordinances in availing the leave without obtaining prior permission of the competent authority and proceeded without serving the required period from his last study leave.

The EL applied by Dr. Singh for 76 days is therefore placed before the EC for decision.

Dr. Vinod Singh,
Institute of Self-Organising Systems & Biophysics
North Eastern Hill University, Permanent Campus,
Shillong- 793022, Meghalaya.

Dear Vinod,

I am pleased to invite you to come to Wichita to work in my laboratory for three months beginning April 1, 1998, and continuing through June 30, 1998. The laboratory will support your travel to Wichita and provide a stipend to support your living expenses for the 3 months period. Your appointment will be as a Visiting Professor of Biological Sciences.

The Project that you will participate in involves characterizing the functional differences between equine LH and CG. As you know, these hormones consist of two identical peptide subunits that differ only in their carbohydrate moieties. Because these two hormones differ significantly in their biological activities they provide an excellent model for investigating the role of carbohydrate in modulating hormone action. A copy of our successful grant application is attached to enable you familiarize yourself with the experiments we are planning to execute.

I look forward to your visit.

Sincerely yours,
