

EXAMINATION DEPARTMENT

1996-97 has been a year of reformation and change. With delinking of the Plus Two and handing over of it to the concerned State Boards, the University had to reinforce its efforts towards the improvement of the examination pattern for the Degree level. Since 1993, the University has been following the Three Years Integrated Degree Course with a built-in system of annual examinations. Having experienced this system to be not to the best interest of the students besides the administrative bottlenecks created for the University and college administration, the University has thought afresh about this system and after much thought and deliberations, it has switched over to the Two Part Examination System with Part I Examination at the end of the Second Year and Part II Examination at the end of the Third Year. All necessary changes in the Ordinances and Regulations have been incorporated consequent upon this change. It is hoped that with this arrangement, the University will be able to adhere strictly to its calendar of admissions and examinations as all arrangements appear to be foolproof, there appears to be no reason for apprehension otherwise.

The admissions and examinations for the PG departments have been made strictly in accordance with the timeframe. The Department has also gone for innovations towards computerisation of its various functions. Commendable beginning has been made and it is hoped that it will, in due course, be able to computerise the entire process of admissions and examinations.

The statistics of results given in the following relate to the final year examinations of each course only. The Department does not find it necessary to give the result analysis of the First and Second Year in case of Degree Examinations and First Year in case of Pre University Examinations as they relate to the clearance of the courses falling on the respective years. The following statistics, therefore, relate to the final year Degree and Pre-University Courses only. The analysis of Examination Results for the year 1996 is given under Appendix-A and the analysis of Enrolment of Students for the Academic year 1996-97 is given under Appendix-B.

ANALYSIS OF EXAMINATION RESULTS 1996
