(v) Amendment of Clause 4(1) of Ordinance
OC-4- Ph.D. Registration.

The School Board of Economics, Management and Information Sciences in its meeting held on 28.10.98 considered and approved the proposed changes/Amendment of Clause 4(1) of Ordinance OC-4 as recommended/ approved by the Board of Post Graduate Studies(Economics). The proposed changes in Clause 4(1) of OC-4 may be approved by introducing a proviso as Under :

"Provided that the application for registration for Ph.D be made within 1(one) year of admission by the Department. If the candidate failing to apply for registration within the said period, he/she would be deemed to have dropped the Ph.D Programme and thus his/her admission stands automatically nullified without any action taken or notice served by the Department. The candidate may, however, seek a fresh admission to Ph.D Programme if he/she so desires".

The existing provision for Ph.D.Registration in term of Clause 4(1) of Ordinance OC-4 reads as under:-

“(1) The application for registration for Ph.D. shall be made to the Department concerned in the proforma as may be prescribed by the University along with a detailed research proposal including the topic, scope of its study, tentative hypothesis, research methodology including sampling and design, where necessary. The Department shall forward the research proposal to the School through the Board of Post Graduate Studies. The date on which the School Board accepts the proposals for registration shall be the date of registration of the Scholar for the purposes of this Ordinance.”

The matter is placed before the Council for consideration.

- (vi) Report of the Committee appointed by the Executive Council to examine the jurisdiction of the EC/AC Vis-a-Vis Academic Matters.

In the 98th meeting of the Executive Council vide Resolution No. EC:98:98:5:1(iv), the Council considered the recommendation of the Committee appointed by it to examine the jurisdiction of the EC/AC Vis-a-Vis Academic Matters and resolved to approve the same in principle and the matter ~~to~~ referred back to the Academic Council with proposed amendment of Clause 4(c) of Ordinance OA-7 as per Annexure 'A'.

The matter is placed before the Council for consideration.

MINUTES OF THE COMMITTEE APPOINTED BY THE EXECUTIVE COUNCIL VIDE RESOLUTION NO.EC:97:98:8:(i) TO EXAMINE THE JURISDICTION OF THE EXECUTIVE COUNCIL/ ACADEMIC COUNCIL VIS-A-VIS THE ACADEMIC MATTERS.

The following members were present:

- | | |
|---------------------|----------|
| 1. Prof.AL Verma | Member |
| 2. Prof.N. Malla | -do- |
| 3. Prof.SK Mishra | -do- |
| 4. Dr.A. Patton | -do- |
| 5. John MS Khongwir | Convener |

The Committee went through the powers and functions of the Executive Council and the Academic Council as laid down under Section 20 and 21 of the NEHU Act, 1973 and also Statute 13 and 15 of the first schedule of the Act, As per the Act and the Statutes the Academic Council is the 'principal body' with regard to academic matters, while the Executive Council is the 'principal executive body' of the University. The Committee after a thorough deliberation decided that though no powers have been given to the Executive Council with regard to academic matters but since the Executive Council is the "Principal Executive Body" of the University, structural/policy matters such as creation/establishment/closure of new departments/centres/courses (U.G. and P.G.), modification in the course structure, criteria/quota for admission of students, structure of examinations etc., should perhaps be placed before the Executive Council as it is the principal executive body of the University. In any case such matters shall have to be placed before the Executive Council as these involve amendment of the Ordinances/Regulations.

During the course of discussion it was observed that while the Syllabi for the Under-Graduate Courses have to be approved by the Academic Council as per Clause 5(e) of Ordinance OA-9 and the Post-Graduate Courses are approved by the School Board under Clause 4(c) of Ordinance OA-7. This is perhaps anomalous as Statute 15(a) of the NEHU Act, the Academic Council has the power to supervise the academic policies and also maintain the academic standard of the University. It is therefore felt that Clause 4(c) of Ordinance OA-7 may be suitably amended so that the Post Graduate Courses are also approved by the Academic Council on the recommendations of the School Board.

5:1:7(1)

- (vii) Regulation of Admission and fees structure in Private Non-Aided Professional Institutions.

The University Grants Commission has recently framed certain Rules and Regulation(at Annexure-A) to streamline the Admission into and fees payable by the students of private non-aided professional Institutions and the same has been enacted and published in the Gazette of India on May, 16,1998.

The Act, provides that the University should follow the provisions laid down in the Act in letter and spirit by constituting Committees to consider for fixation of fees payable by the students seeking admission into such institutions.

The matter is placed before the Council for consideration.

 - (4) The Standing Committee and the State Level Committee shall review the fee structure at an interval of three academic years.
 - (5) (i) Subject to provisions of these regulations, the Committees are free to advise their own procedure. The procedure shall, however, compulsorily include giving opportunity to the institutions concerned to furnish such material as they may consider relevant.
(ii) The Committees shall also have power to call for such information and details as they may consider relevant for fixation of fees.
(iii) For the purpose of carrying out its functions effectively the Committees shall lay down a time bound 'action-calender' and 'dead-lines' for compliance by the institutions concerned and for completing tasks of the Committees.
- (6) The Committees may determine different rates or scales of fees for different classes of institutions, if a classification is justified on intelligible and objective criteria. In particular the Committees shall be free to fix different rates for institutions located in rural areas and urban areas.

- (7) The Commission may at any time call for information and clarification from the Committees and the Committees shall be bound to furnish such information or clarification.
- (8) While determining the fee chargeable, it shall be the duty of the committees to ensure that the fee does not become a source of profit or commercialisation for the institutions concerned.
6. Procedure for determining fees:-
- (1) (i) Fees of the scales of fees once prescribed under these regulations shall be valid for a period of three years.
(ii) The fees when revised shall be applicable only to new entrants.
- (2) (i) A professional institution shall submit to the Commission at least six months before the advertisement for admission, authentic date on the basis of which the tuition and other fees are to be determined.
(ii) The concerned Committee may seek any date or clarification from the concerned professional institutions and may also allow the institution to supplement or modify the date submitted by it originally.
(iii) While deciding the fee structure for Free Seats, Payment Seats and NRI Foreign students, the concerned Committee shall take into consideration, the parameters which affect the cost, the total expenditure of the institution for running the professional course as computed on the basis of audited statements of the previous two years and reasonable projected estimation for the next three years.
(iv) The fees to be charged shall have two broad categories, namely, tuition fee and development fee.
(v) The management of the institution may realise the actual cost of board and lodging from the students subject to the relevant committee being satisfied about the reasonableness of such costs.
(vi) The tuition fee shall be to meet the actual cost of imparting education.
(vii) While assessing a fair tuition fee, the Committee shall take into account the following, namely:
(a) Salary and allowances including bonus, if admissible, payable to teaching and non-teaching employees;
(b) expenditure on administrative services;
(c) cost of maintenance of laboratories including consumables;
(d) contingent expenditure including statutory requirements like audit fee, and the like;
(e) cost of acquisition of books and journals for libraries;
(f) maintenance of buildings and other assets including rents and tariffs; and
any other recurring expenditure to be determined by the competent authority from time to time.
(viii) Having due regard to the parameters mentioned in this sub-regulation, suitable rates may be fixed for holder of Free Seats, Payment Seats NRI Foreign students.
- (3) (i) The Commission shall specify: norms relating to staffing and scales of expenditure for other items wherever such norms have not been laid down till the date of commencement of these regulations.

S:17(8)

(ii) In case the Commission finds it difficult to laydown specific quantified norms, the relevant Committee shall satisfy themselves about adequacy and the reasonableness of the expenditure invol.

(iii) While specifying the norms the Commission shall ensure that the projected expenditure does not become a source of profit to the management of the professional institutions.

7.Note.

As the scheme laid down by the Supreme Court of India in Unnikrishnan J.P. Versus State of Andhra Pradesh (A.I.R. 1993 S.C.2178) prohibits Commercialization of education and profit making, it shall not be open to the institutions concerned to claim any return on investments. This may however, not come in the way of the institutions immobilizing resources for the replacement and upgradation of assets. Further, while earning returns on the investment would not be permissible as per the judgement and order of the Supreme Court of India in Unnikrishnan J.P. Versus state of Andhra Pradesh (A.I.R, 1993 SC 2178) the court had, left the question of recovering investment on the Central Government and the Statutory bodies. It is therefore, considered desirable that the development fee could provide for an element of partial capital cost recovery to the Management (but not a return on investment) and to serve as a recourse for upkeep and replacement.

(4) (i) The Commission shall at an interval of three years determine the development fee and different rates of development fee and different rates of development fee may be specified for students of Free Seats, Payment Seats and Foreign NRI seats.

(ii) The development fee may be at flat rates.

(iii) Based on intelligible and objective criteria the Commission may classify the institutions into different categories for the purpose of prescribing different slabs or rates of development fees.

(iv) While determining the rates of development fees, the Commission shall take into account the views and suggestions of the private professional institutions, the State Government and interested members of the general public.

(5) No management of a professional institution shall, in the first ten years of its establishment, appropriate more than fifty per cent of the proceeds of the development fee levied or the actual capital cost, whichever is lower, for the recovery of the capital cost. The remaining amount shall be utilized for upgradation and replacements in the said first ten years and, therefore, the entire proceeds may be utilized for upgradation and replacement purposes.

THE GAZETTE OF INDIA, MAY 16, (VAISAKHA 26.1920)

Part III. Sec. 4

- (6) The Commission shall communicate the approved rates of development fee chargeable by the professional institutions to the Committees well in advance so as to enable them to suitably incorporate such rates in their notification.

7. Admission of students.

- (1) Admission in institutions under the management of minority shall be regulated as under:-

(a) 50 percent of the seats in professional institutions established and administered by a minority shall be filled on the basis of merit list prepared by the competent authority. Out of these 50 per cent seats, half shall be Free Seats and the other half shall be Payment Seats.

(b) The remaining 50 percent of seats shall be filled by the management of the institution from amongst the candidates belonging to the concerned minority community out of which half shall be Free Seats and other half shall be Payment Seats.

Explanation - For the purposes of this clause, Payment Seats shall include seats for Foreign, NRI students.

(c) After completing the admission, each minority professional institution shall submit to the competent authority, the concerned University and the concerned State Government, a statement containing full particulars of the students admitted against 50 per cent seats filled up by the management from amongst the candidates belonging to the concerned minority.

- (2) Private Professional institutions shall be permitted to admit the NRI foreign students upto a maximum of 5 per cent of the total sanctioned intake capacity to be determined from time to time by the competent authority for each academic year. This percentage shall be out of Payment Seats. The NRI Foreign students shall be admitted on the basis of merit. But, in view of the difference in their backgrounds the competent authority of the professional institution concerned may judge the merit of these candidates, having regard to all the relevant factors.

- (3) (i) There shall be no quota of seats for the management or for any family, caste or community which had established the professional institution.

(ii) The competent authority may, at its discretion, fill any seat which may remain unfilled in five per cent. NRI quota in any academic year.

ANNEXURE - C

EXTRACT

MINUTES OF THE 88TH MEETING OF THE EXECUTIVE COUNCIL HELD ON
04-11-95

Item No.5 :- ACADEMIC MATTERS:

5:3 - RESEARCH

- (i) Recognition of NERIST as a Research Institute and some of the teachers as Supervisors for Ph.D-Programme.

No.EC:88:95:5:3:9(i): "The Council considered the recognition of NERIST as a Research Institute and also the recognition of some of the teachers as Supervisors for the Ph.D.programmes, and ~~xx~~ RESOLVED that NERIST may be recognised as a Research Institute to conduct Ph.D.programmes and the teachers listed as Supervisors for Ph.D. programmes." at Appendix-III may be recognised as Supervisors for Ph.D.programmes".

ii) Correction of Marks distribution in FOR-507
of M.Sc. Forestry Syllabus.

The Head, Department of Forestry, NEHU, Mizoram Campus has informed that there was an error in the Mark structure of FOR-507 (Forestry & watershed Management) in IInd Semester of M.Sc (Forestry) in the approved syllabus. As a result the semester was allotted 475 marks instead of 450 marks. In resolving this anomaly the School Board has approved the adjustment of 25 marks in IInd Semester Curriculum.

Thus, the paper 507 has now theory of 50 marks & practical of 25 marks instead of theory 75 & practical NIL.

The matter is placed before the Council for consideration.

.....

- (iii) Condonation of break and extension of time in the M.Phil Programme in respect of Mr Imkongwapang, Department of Zoology.

The case of Shri Imkongwapang, Department of Zoology for condonation of break and extension of time in the M.Phil Programme was discussed in the meeting of the Board of Research Studies which was held on the 15th November, 1997. The Board has referred back the matter to the School Board of Life Sciences for further examination. On the recommendation of the Board in its meeting held on 18.12.97 the matter was again discussed in the last meeting of the Board of Research Studies which held on 13rd November, 1998 and the resolution in this respect is reproduced below :

" The Board considered the extension case of Mr Imkongwapang, Department of Zoology and RESOLVED to condone the break under clause 14 of Ordinance OC-5, as a very special case, not to be quoted as a precedent in future"

The matter is placed before the Council for consideration.

5:5:4(i)

Proposed Re-evaluation Principle vis-à-vis the Part I and Part II system of Examinations.

Under the annual system of examination a candidate could automatically move on to the next higher class without having to wait for the results of the examination written. Under this system, the results of the re-evaluation were required to be known only before such candidates could fill in their next examination forms, which was normally in Nov./Dec. Such being the system, the then re-evaluation principle was made liberal and open, since there was no risk, on this count, to the non-fulfilment of the minimum requirement of 180 teaching days.

However, since under the Part I and Part II examinations, a candidate is required to clear Part I examinations, before being admitted to the Part II course, the application of the same principle of re-evaluation is bound to create some legal complications, as it is not possible to bring out the re-evaluated results so fast for the University as to be able to ensure fulfilment of the minimal requirement of 180 teaching days. (It may be noted that a period of one month, from the date of publication of the concerned results, is required to be given for filling in of such forms).

In the face of such problems, the following modifications on re-evaluation are being proposed to the Academic Council for consideration and decision:

- 1) For the Part I Examinations, there may only be **SCRUTINY** and the University may do away with the provision of re-evaluation.
- 2) For the Part II Examinations, we may continue to have re-evaluation on the existing principle, with the limitation of only one re-examiner. The original marks and the marks of the re-examiner could be averaged for determination of the marks of re-evaluation.
- 3) Other conditions of re-evaluation at Annexure "A" may continue to be operative.

The above modifications are proposed only with the view to avoid legal complications as also to ensure expeditious disposal of such cases in the light of the newly changed system of examinations.

The above proposals are therefore submitted to the Academic Council for consideration and approval.

RE-EVALUATION RULES

1. A candidate may within 30 days of declaration of results apply for re-evaluation of not more than two papers paying a fee of Rs. 150/- (one hundred fifty) only per paper.
2. Provided further that no such request be entertained for practical papers:
3. All requests for re-evaluation shall be accompanied by:
 - i) A Demand Draft in favour of Controller of Examinations, NEHU or Nehu Challan for the amount prescribed above.
 - ii) The original mark-sheet issued by the University.
4. The application shall be screened by the Controller of Examinations and shall be sent to two examiners, other than the ones who have examined the script earlier, appointed by the Vice-Chancellor.
5. Average of the two closer marks awarded by the examiners shall be the marks awarded after re-evaluation.
6. The score after re-evaluation shall supersede the earlier score provided that a candidate who was declared pass initially shall not be declared unsuccessful as a result of re-evaluation and downward revision of marks shall be limited to pass level.
7. No retrospective benefit such as award of Gold Medal, Scholarship, Fellowship admission, promotion, etc., shall accrue to a candidate as a result of re-evaluation.
8. **Re-evaluation shall not be a time-bound process but all effort will be made to ensure early declaration of result.**
9. Candidates who secure more than or equal to 15% and less than or equal to 40%.
10. Candidates who secure less than or equal to 4/5th (80%) of the average percentage of marks obtained in the rest of the papers. To illustrate whereas under the old formula a candidate wishing to go for re-evaluation where he/she has secured 42% was to have secured 70% in the rest of the papers, now under the new formula a candidate with 42% marks in a paper can go for re-evaluation of a paper if she/he secures 56% in the rest of the papers. For ready reference please see the "Ready Reckoner" appended below.
11. A candidate shall be eligible for re-evaluation *only in two papers* in a particular year of examinations (as per existing provisions).
12. In addition to the modified provisions of re-evaluation the rate for scrutiny shall be Rs.100/- per paper.
13. If the improvement in the re-evaluation is equal to or less than 5% over the original marks, the difference will be ignored and show as NO IMPROVEMENT over the original and the original marks shall be retained.

Ready Reckoner:

Average % obtained in the rest of papers.	Minimum % of marks to be obtained in the concerned paper as per the existing rule.	Minimum % of marks to be obtained in the concerned paper as per the new rule.

WORKING RULES FOR REPETITIONS/IMPROVEMENT/RE-EVALUATION :

Consequent upon the decision of the 50th meeting of the Academic Council held on 2nd and 3rd November, 93, the following working rules may be followed from the forthcoming examinations onwards :

I. REPETITIONS :

Repetitions in the failed subject(s) (those securing less than 30% in a particular paper(s)) will be available to all the new course candidates upto the permissible chances (i.e. 2+2 for the Pre-University and 3+2 for the Degree Courses) as already notified earlier.

II. IMPROVEMENT :

a) Improvement facility will be available to the new course candidates DURING THE CURRENCY of the course in partial modification of what have been notified earlier.

b) This facility will, however, be limited to those candidates securing less than 45% in the concerned paper(s).

c) This facility will also be available ONLY ONCE during the entire currency of the course within the permissible chances, that is, 2+2 for the Pre-University and 3+2 for the Degree courses.

d) The original marks of a candidate shall stand forfeited if he/she decides to go for improvement.

|| III. RE-EVALUATION :

Re-evaluation facility will be available to the following category of candidates :-

a) Candidates who secure more than or equal to 15% and less than or equal to 40%.

b) Candidates who secure less than or equal to 4/5th (80%) of the average percentage of marks obtained in the rest of the papers. To illustrate whereas under the old formula a candidate wishing to go for re-evaluation where he/she has

secured 42% was to have secured 70% in the rest of the papers, now under the new formula a candidate with 42% marks in a paper can go for re-evaluation of a paper if she/he secures 56% in the rest of the papers. For ready reference please see the "Ready Reckoner" appended below.

✓ c) A candidate shall be eligible for re-evaluation only in two papers in a particular year of examinations (as per existing provisions).

✓ d) The re-evaluation fees shall stand revised to Rs.150/- per paper to meet atleast the cost of re-evaluation.

✓ e) In addition to the modified provisions of re-evaluation the existing provision of SCRUTINY shall stand.

✓ f) If the improvement in the re-evaluation is equal to or less than 5% over the original marks, the difference will be ignored and shown as "NO IMPROVEMENT" over the original and the original marks shall be retained.

Ready Reckoner :

Average % obtained in the rest of the papers.	Minimum % of marks to be obtained in the concerned paper as per the existing rule.	Minimum % of marks to be obtained in the concerned paper as per the new rule.

Sub: Proposed Fees Structure for Diploma and Certificate Courses.

Sir,

This is inconnection with your query about the proposal for Fees Structure to be made payable by candidates undergoing Diploma or Certificate Courses in this University. This is to inform that the matter has been considered by the Department, which is of the view that the fees structure for such courses could be based on the same analogy of the fees, as being charged, for the MA/M.Sc. Courses since the basic infrastructural and personnel imputs required for the running of such courses would be required also for the running of such Diploma and Certificate Courses. The only difference that could be considered is with regard to the duration of such courses. The Department is, therefore, of the view that the differences in the duration of such courses automatically differentiate themselves from the Master's Degree Course, which are of Two Year's duration, Diploma one year and Certificate courses six months respectively.

The fees structure proposed would, therefore, be as follows:-

<u>Fees</u>	<u>M.A</u>	<u>M.Sc.</u>	<u>Diploma</u>	<u>Certificate</u>
Tuition Fees(Monthly)	Rs.50	Rs.50	Rs.50	Rs.50
Laboratory Fees*	20(p.M)	20(pm)	20(pa)	20(pa)

* For students having Practicals

**To be paid at the time of enrolment in the University

*Refundable

Note:- Other fees -Payable by such candidates will be same as the others.

You may have the approval of the competent authority for the above and communicate to us for implementation.

(ii) Starting of the Department of M.C.A.

The School Board in Economics, Management & Information Sciences in its meeting held on the 28.10.98 resolved that the placement of the Deptt. of Computer Applications in a School should be made on the basis of interaction and need and also in the light of the origin of proposal for opening the said Department. Computer Application is a part of information Sciences and will be heavily required by Departments like Economics, Library & Information Science, Management and Commerce. So it would be justified that the Department be placed in the School of Economics, Management & Information Science. There may be a justification of placing of Department of Computer Science in the School of Physical Sciences, but the Department of Computer Applications, right placement would be in the School of Economics, Management & Information Sciences. The matter was placed in the 53th meeting of the Academic Council held on 10th September, 1998 wherein, the Council vide Resolution No.AC:58:98:5:6:(ii) resolved to place the Department of Computer Applications in the School of Physical Sciences and the Executive Council in its 98th meeting vide Resolution No.EC:98:98:5:6:(i) consider the proposal and resolved that it be named as the Department of Computer Applications and further resolved to refer back the matter to the Academic Council with a proper write-up on its background for placement in the proper School.

The matter is placed before the Council for consideration.

16. Recommendation:

NOTE : A) If conditional recommendation is made kindly specify the conditions and the period by which the same are expected to fulfilled by the college for the Provisional/ Extension of Affiliation.

B) If provisional affiliation is recommended upto a certain period only, this may be mentioned.

The Comprehensive School and Degree College, Venghlui, Mizawl formally known as Mizoram Special Hindi School Mizawl was inspected on 16th October, 1998 at 11.30 AM to verify the infrastructure and other facilities for affiliation of the college to North Eastern Hill University, Shillong. It was observed by the inspection team that the college has adequate infrastructure only for the present i.e. up to first year of graduation. In the coming years when second and third year classes will also be there, college will require more classrooms and bigger laboratories for science subjects. Since the college has already been allotted a big piece of land, it should give first priority to shifting over there. The inspection team recommends provisional affiliation for two years and the college may be inspected again to see that the following conditions are fulfilled during this period.

a) Additional teachers in accordance with NEHU norms are appointed in subjects where college is seeking affiliation for honours classes. The Govt. of Mizoram has already promised eleven teaching posts for the college and these should be used for such appointments only.

b) The college has been sanctioned a sum of Rs.11 lakhs for library and equipment and this sum should be utilized immediately to equip the college library and laboratories in science subjects.

13. When was the last Governing Body meeting. 14.3.98.

14. Any other relevant information (s) Point (s).

R E C O M M E N D A T I O N S

1. The last inspection team reported that the College did not seek academic affiliation from 1980-81 and the University may ask the College to seek the same.

Presuming that the inspection team was constituted following the request of the College it is recommended that the college be granted affiliation from 1980-81 to 1997-98, to regularise the same.

2. From 1998-99 the college has started the new three year LL.B, course as per the directive of the Bar Council of India. The BCI inspection team inspected the college twice - on 27.8.96 and on 11.4.98. Both these inspection teams directed the College to appoint full time regular teachers as per UGC norms.

The College has not appointed full time regular teachers so far. The classes are being managed so far as before with the help of part time teachers and those appointed on contract basis. Those Teachers as are referred to as full time teachers by the college authority also cannot be termed as regular teachers as per UGC norms, which has also been pointed out by BCI inspection team in its report dated 11.4.98.

3. Therefore we recommended that from 1998-99, the college be affiliated provisionally subject to (i) the appointment of regular teachers as per UGC norms before June '99, (ii) The college should start functioning from 9 A.M. as the LL.B. Course is now intended to be a full time course. Unless this is done the standard will not improve and the Pass percentage will continue to be low (iii) The College Library should also remain open from 9.A.M. to 4 P.M. to enable both the students and the teachers to make full use of the same (iv) The College should also appoint a trained Librarian by June '99.

4. The BCI Inspection team in its report dated 11.4.98 observed thus:

3. "During the course of discussion it was brought to our notice that the college was originally affiliated with the Gauhati University from 1964 to 1975 and thereafter with NEHU. It has been brought to our notice that there is no Law Faculty would not be in a position to set proper question papers to the Law students nor such University can provide proper Syllabus to them. Under these circumstances we the Undersigned further direct the College authorities to withdraw their affiliation from NEHU and should endeavour to seek fresh affiliation either with Gauhati University or with some other University having a law faculty".

On the basis of this recommendation the BCI (Vide letter No. BCI:D:654:1998 (LE/Mtg), dt. 27. July 1998) wrote to the Registrar NEHU, asking him to send his comments including proposed steps to be taken on this by the University. Therefore we take this opportunity to comment on the same as below:

- (i) Papers for LL.B. Examination are set by teachers of law subjects drawn from Law faculties of the law colleges and P.G. Departments of Law of the Universities in the region; hence, they are as proper question papers as elsewhere: (ii) the LL.B. Syllabus likewise is prepared by BUGS in law most members of which are also drawn from Law Colleges and P.G. Departments of Law from the Universities in the region and thus the syllabus is also proper as elsewhere: (iii) the affiliation is granted to a college by the University and only the University can withdraw the affiliation granted to a college; (iv) In future when a college is to be inspected by a team constituted by an outside Agency, the college should request the University to depute its nominee also to be present at the time of inspection. In future no college under the

jurisdiction of the University be inspected without a representative of the University, All College be informed accordingly.

5. There is another item in the report which also deserves to be quoted and commented upon. It is as follows:-

" 4. The College authorities have also informed us that no LL.M. Classes are available at Shillong College. Therefore, the college is not getting qualified teachers as well. The College and the University Concerned deserve to be directed to make an attempt to start LL.M. Classes as early as possible".

This item of the report attempts to link the non-availability of qualified teachers with the non-availability of LL.M. course at Shillong. This is a peculiar argument. If the College inserts an advertisement in National dailies inviting applications from qualified teachers of Law there will be no dearth of applicants, It appears from the items 3 and 4 of the report that the college is trying to find out excuses for its failures, and putting the blame on the University.

As regards the direction of the BCI to start LL.M. course as early as possible we can also say that the BCI can only request the University in this regard. It cannot direct the University.

THE BAR COUNCIL OF INDIA

BCI:D:654:1998(LE/Mtg.)

NEW DELHI
Dated, 27th July, 1998.

The Registrar,
North Eastern Hill University,
Bijni Complex,
SHILLONG - 793003
(MEGHALAYA)

Sir,

REG: Consideration of approval of affiliation of
Shillong Law College, Shillong.

The report of inspection of the above Law College submitted by the inspection team appointed by the Bar Council of India was placed before the Legal Education Committee at its meeting held on 20th June 1998 and the Legal Education Committee made the following recommendations:

"Committee considered the inspection report of Shillong Law College, Shillong. In view of the observations made in para three of the inspection report pointing out that it has been brought to the notice of the inspection team that there is no Law Faculty in North Eastern Hill University and that under the circumstances there was no appropriate body to set proper question papers to the law students and to provide proper syllabus to them, let a copy of the inspection report be sent to the Registrar of North Eastern Hill University drawing his attention to para 3 of the inspection report and requesting him to send his comments including the proposed steps, if any, to be taken by the University in this regard. After receipt of the comments, matter be placed before the next meeting of the Legal Education Committee."

The above recommendations were considered by the Bar Council of India at its meeting held on 19th July 1998 and accepted the same. This is for your information and appropriate action.

Yours faithfully,

INSPECTION REPORT OF LAW COLLEGE SHILLONG

The Law College Shillong was inspected by the undersigned on 11.4.1998 at 5.00 P.M. in the presence of its Principal and the Accountant of the college. The college in fact was closed on that day on account of Holidays. The Principal and other staff members were present there for the purpose of inspection only.

2. The college has good building consisting of seven class rooms for the students. There were separate common rooms for the teachers and girl students. We were fully satisfied about the building of the college. The college having a presentable Library as well. So far as the teachers are concerned we were told by the Principal that there were two permanent lecturers and the remaining teachers were appointed as part-time lecturers, some of them were appointed on contract basis as well. We called for the record regarding appointment of permanent lecturers and the salary paid to them by the college. The Principal of the college produced an extract of the proceedings of the Governing body meeting held on 4-6-1997 vide which the college has decided to select and appoint Mr.K.Rehman, Mr.D.P.Chakraborty, and Mr.D.S.Virdhi as full-time lecturers on probation for two years with consolidated pay of Rs.3000/- P.M. The Principal of the college further disclosed that out of the three only two had joined the college as full-time lecturers. We the undersigned were not satisfied about the salary being paid to the full-time lecturers. We were also not satisfied with the salary which was being paid to the part-time lecturers and lecturers engaged on contract basis. As per the rules the college is supposed to pay salary to full-time lecturers according to norms of U.G.C. The Principal of the college is thus directed to pay salary to full-time lecturers as per the norms of U.G.C. grades with immediate effect. College is further directed to employ all full-time lecturers as far as possible before next session. Previously the college was inspected by Mr.Arun Mishra, Member Bar Council of India on 27.8.96. He had also directed and suggested the college authorities to follow the norms of U.G.C. so far as the salary of the lecturers is concerned. We are sorry to say that the college has not taken care of the directions given by Mr.Arun Mishra, Member Bar Council of India. But this time we want to make it clear that the college authorities should not show any slackness in complying with the direction given to them to this effect.

3. During the course of discussion it was brought to our notice that the college was originally affiliated with the Gauhati University from 1964 to 1973 and thereafter with NEHU University. It has also been brought to our notice that there is no Law Faculty in NEHU University. We understand that a University having no Law Faculty would not be in a position to set proper question papers to the Law students nor such University can provide proper syllabus to them. Under these circumstances we the undersigned further direct the college authorities to withdraw their affiliation from NEHU University and should endeavour to seek fresh affiliation either with Gauhati University or with some other University having the Law Faculty.

4. The college authorities have also informed us that no LLM classes are available at Shillong College. Therefore, the college is not getting qualified teachers as well. The college and the University concerned deserve to be directed to make an attempt to start LLM classes as early as possible.

AGENDA NOTE ARISING OUT OF THE AFFILIATION COMMITTEE REGARDING RENEWAL OF AFFILIATION OF ACHENG RANGMANPA COLLEGE, MAHENDRAGANJ, WEST GARO HILLS AND AIZAWL WEST COLLEGE, MIZORAM AND B.B.S. COLLEGE, SHILLONG.

1. ACHENG RANGMANPA COLLEGE:

Provisional affiliation for upgradation to Degree level to Acheng Rangmanpa College, Mahendraganj, West Garo Hills for three years was granted with effect from 1993 session and the letter was issued on 8th July, 1993 by the then Director, CDC. Then the college applied for renewal of extension in April, 1996 which was found to be incomplete as regards to the Fixed Deposit. Afterwards the college was pointed out about the non-fulfillment of the condition on Fixed Deposit. After subsequent reminder the college sent an SBI Receipt on Fixed Deposit for Rs. 2 lakhs dated 9.6.98. Thus there has been a lapse of more than two years for renewing the affiliation in the process. The case was put up in the last Affiliation Committee Meeting held on the 9th of November, 1998. The Committee decided to refer the case to the Academic Council for its consideration.

The case is thus put up to the Academic Council for its consideration for condonation of the delay.

2. AIZAWL WEST COLLEGE:

Provisional Affiliation was granted to Aizawl West College, Aizawl for a period of three years w.e.f. 1993 to 1996 session. The college should have applied for renewal of affiliation six months before the expiry of affiliation. After the reminder sent by the College Development Council the college sent the renewal fees only in the month of November, 1997 without sending the application format. The college was then asked to apply in the prescribed format and the application forms were received by the end of August, 1998. The case was put up in the Affiliation Committee held on 9th November, 1998. The Committee referred the case to the Academic Council for its consideration since there is a lapse of more than two years. The college also failed to apply for renewal of extension of affiliation in respect of Major in the subjects - English, History, Political Science, Education and Economics and also Mizo at General level which was also granted at the same time w.e.f. 1993 session.

The case is placed before the Academic Council for discussion and consideration for condonation of the delay.

3. B.B.S. COLLEGE, SHILLONG:

The 56th Academic Council decided that the following three conditions are to be fulfilled by the college before Provisional Affiliation is granted.

1. The college has only fixed deposit of Rs.2 lakhs as against the requirement of Rs.4 lakhs.
2. The college does not have requisite of required teachers as per norms. Specially in English, there is only one qualified teacher as against the requirement of 4(four) teachers.
3. The college does not have a regular Principal, the present Principal is a superannuated person.

At present the college has informed that a fixed deposit of Rs.4 lakhs has been kept. The college was asked to submit a certificate from the bank and it has not submitted so far.

As regards to the condition 2, the college has informed that it has two qualified teachers in each subject and 3(three) in English together with two part-time teachers from Sankardev college, Shillong.

According to the University requirements RB-2, there should be at least three teachers in each subject and four regular teachers in English. And RB-3 says, "No teacher shall be allowed to work in more than one college in the same shift".

As regards to condition 3, the college has informed that a teacher retired on 1-5-95 is appointed on contract as the Principal of the college.

The case is placed before before the August Body for discussion and consideration.

(ii) Affiliation of M.Tech Courses

The NERIST Director has written to the Vice-Chancellor requesting the University for affiliation of M.Tech Courses through a letter No. ACA-9/14/98 dated 23rd Sept., 1998. A copy of the letter is placed at annexure 'A' and letter from M. Tech students at annexure-I.

The Academic Council in its 55th meeting held on 2nd and 3rd May '97 vide Resolution No.AC:55:97:5:7(iii) resolved that since the University does not have any provision for affiliating P.G. Course in its Colleges, the request of NERIST may be regretted.

The matter is placed before the Council for consideration.

Sub: Affiliation of M.Tech. Courses.

Dear Professor Pakem,

As you are aware, the Institute's UG Courses are affiliated to NEHU and we have been requesting the University for affiliation of our M.Tech, Courses also. Two M.Tech. courses in (i) Information Technology, and (ii) Environmental science and Engineering, were started in 1996 . Three more (one of them i.e. M.Tech in Forestry has already been approved by AICTE) are likely to be started by next year.

The MHRD has recommended affiliation of Institute's M.Tech courses to your University, and Prof.D.P.Agrawal, Jt. Educational Adviser(T), MHRD also discussed the case with you at Guwahati on 19.9.98. I shall be grateful if you kindly have the matter re-examined to affiliate M.Tech. courses of this Institute, which should cover the existing courses started in 1996, more so because the undergraduate courses are already affiliated to NEHU.

If so advised, I shall depute an officer from the Institute to follow up the case and ascertain the detailed formalities to be completed by the Institute.

With regards,

Yours sincerely,

Sub : Award of M. Tech. degree in
(i) Information Technology (IT), and
(ii) Environmental Science and Engineering (ESE)
at North Eastern Regional Institute of Science and Technology (NERIST) which is under the Ministry of Human Resource Development, Govt. of India.

Respected Sir,

Kindly permit us to state the following few facts regarding the All India Council for Technical Education (AICTE) and MHRD approved M. Tech. courses which the first batch (1996) has already completed and the second batch (1997) is undergoing presently (likely to complete in December 1998) in NERIST starting from 1996 and 1997 academic years respectively :

At the time of admission for the M. Tech. course in NERIST, we were registered under North Eastern Hill University (NEHU), Shillong (receipts enclosed). Since then we started devoting our time fully to the M. Tech. course with a view to brighten our prospects, assuming ourselves to be the students of NERIST under NEHU. Now the NERIST authorities are declining to provide any details of the results (Grade Cards, Provisional Certificates and Percentage Conversion Certificate) even after successful completion of the course/semesters. Now we are being told by the authorities that the M. Tech. courses have not been affiliated to any University and hence the results cannot be declared. This is surprisingly in direct contradiction to the facts we were told at the time of admission by providing the registration slip of NEHU. This has come as a great shock to us causing a lot of mental agony.

It may be pointed out for your information at this stage that the fate of the students of M. Tech. courses, who have devoted one and a half years of their precious career together with investment of a huge amount of money during this period, hangs in balance because of the pathetic attitude of the authorities concerned. It is causing a lot of mental, physical and economical harassment in running from pillar to post to know the exact status of our degrees, that is our due on the Institute. Further, the present circumstances are demoralising us as we may not be able to apply anywhere for jobs on the basis of M. Tech. degree. **It is directly hampering our prospects of employment.** This is nothing short of a gross offence on the part of the authorities concerned who are playing with the future of a large number of educated unemployed, for the upper age limit of getting jobs among many of us would have expired if we are not awarded the degree at the earliest. On the other hand, it is bound to affect the future of those sponsored candidates who are aiming to take benefit of this degree in future advancement of their professional career.

It is, therefore, in the light of above mentioned facts, requested to look into the matter seriously so that we may be able to get our degrees awarded at the earliest possible date.

Expecting a favourable response from your end at the earliest.

With regards,

Yours faithfully,

Sd/-
