

(ii) ~~Post-Graduate Diploma Course in Computer Applications-~~
 St. Anthony College-

The PGDCA Course was introduced in St. Anthony's College on the recommendation of the AC Vide decision No. Ac:44;92:5:05(v) on the condition that the concerned institution should apply and obtain accreditation within the period of three years, from the Department of Electronics.

Considering the above condition, the Principal had again made a request to the University to exempt the College from going for accreditation to the Department of Electronics* giving justifications. This request has been put up to the E.C. for consideration.

The E.C. Vide Resolution No. EC:90:96:6:v has resolved that it will not be possible for the University to recognise the course in the absence of the accreditation from the Department of Electronics.

The above decision was conveyed to the Principal, who on receipt of the same has requested the University to review the decision taking reference from other Institutions.

Finally, the matter come up for discussion in the E.C. and the Council Vide resolution No. EC: 91:5:6:(iii) reiterated the decision that the College must obtain accreditation within 15 June, 1997. This resolution was also communicated to the Principal, who on receipt of the same has submitted a letter which is self explanatory, requesting the University to suggest alternative solution to the problem faced by the College. (letter enclosed) *at Annexure-'A'*

The matter, is therefore placed before the E.C for kind consideration and recommendation as deem fit and proper.

Dear Sir

This has a reference to your letter No. EN/PG/4/PGDCA/II/95 411/2067 dated 13-01-97, regarding the University decision requiring the College to get accreditation by AICTE/DOE for the continuation of our affiliation for PGDCA.

In this connection, I am to bring to the notice of the University the following problems faced by the College:

1. On approaching AICTE, the College has been informed that AICTE does not deal with PGDCA, but only with MCA Courses.
2. As pointed out in our earlier correspondence with the University, DOE is both an accrediting and affiliating body. Institutions which are accredited to it have also to send their candidates for DOE Examinations. Since NEHU forbids Colleges, affiliated to it, to seek a dual affiliation, it will not be possible for the College to get DOE accreditation.
3. There are 34 candidates, waiting for the clearance from the University, to start the next batch of PGDCA

I will be grateful if the University could either allow the continuance of our affiliation, or suggest an alternative solution so that the aspirations of the students of this region to get certified Computer Education are not dashed to the ground. In this connection, May I bring to the notice of the University that the College fulfils far more than the required DOE norms for Computer Education (Staff, equipments, Laboratories, Library Books etc).

With kind regards,

Yours sincerely

-Sd-

Fr. Stephen Mavelly SDB
Principal

rates of remuneration to the Officers and Staff of the Govt. Treasury/Banks etc., and RESOLVED that the rates may be enhanced as follows:
