6: ADMINISTRATIVE MATTERS

6:1: Selection Committee

(i) Composition of Selection Committee for the post of Medical Officer.

The University in the recent past had advertised the post of Medical officer in Tura Campus. The applications as received for the aforesaid post have been duly screened by a Committee and a number of candidates have been shortlisted to be called for interview.

It may be mentioned here that there is no criteria laid down for composition of Selection Committee for recruitment of Medical officer in the University in the absence of Recruitment rules for such post.

The post of Medical Officer is in the equivalent grade of Assistant Registrar and since there is a Recruitment Rule for the post of Assistant Registrar, perhaps the Council may like to consider the composition of the Selection Committee for the post of Medical Officer comparable to that of Assistant Registrar.

The composition of Selection Committee for the post of Assistant Registrar as laid down in the recruitment rule may be read as follows:

(i) Vice Chancellor	Chairperson
(ii) Senior-most Professor	Member
(iii) three experts in the field not in the Service of the University to be Nominated by the Executive Council	Member
(iv) Registrar	Member
(v) Librarian/C.O.E/F.O	Member

In the light of the above, the Council may like to consider the composition of Selection Committee for the post of Medical officer as under:

(i) Vice Chancellor	Chairperson
(ii) Senior-most Professor	Member
(iii) three experts in the field not in the service of the University to be nominated by the Executive Council.	Member
(iv) Registrar	Member
(v) In-charge Health Centre, NEHU.	Member

Submitted for consideration of the Council.

- (ii) Nomination of Experts for the Selection Committee
For the post of Controller of Examination.

The post of Controller of Examinations has been advertised in the recent past and the selection is likely to take place in near future.

For appointment of Controller of Examinations in the University, the composition of the Selection Committee as laid down under Statute 20 (2) (d) may be read as follows:

- | | |
|--|----------|
| (i) Vice Chancellor | Chairman |
| (ii) Nominee of the Visitor | Member |
| (iii) Three experts in the concerned field
not in the service of the University
to be nomination by the Executive
Council. | Member |
| (iv) Registrar/Librarian/C.O.E/F.O/Director/
Head of the Department/Centre. In case a
Selection is for Registrar/F.O/C.O.E/Librarian
and Director, a Nominee to be nominated by
the Executive Council. | Member |
| (v) Senior-most Pro-Vice Chancellor/Professor | Member |
| (vi) At least four members, including two experts
Shall constitute the Quorum. | |

In view of the above, it is submitted to the Council to nominate experts as required under Column-III above.

The matter is submitted for consideration of the council.

6: 6: - Service condition/Financial & Other Benifits.

- (i) Consideration of Senior Scale to Dr. T. S. Basu Baul vis-à-vis extension of Career Advancement Scheme to the Scientific Officers/Senior Scientific Officer of RSIC

The Executive Council at its 120th meeting vide resolution No.EC:120:2004:6:6(ii) considered that the past service of Dr. T. S. B. Baul as Scientific Officer in RSIC may be counted for the purpose of granting him Career Advancement Scheme in the grade of Lecturer.

The Council also approved the benefit of Career Advancement Scheme as applicable to teachers may be granted to the Scientific Officers of RSIC.

In pursuance of the above decision of the Council, the case of Dr. Baul was examined keeping in view the regulation on counting of past service for the purpose of Career Advancement Scheme.

The Regulation on counting of past service for the purpose of Career Advancement Scheme as laid down under regulation RE-4 of the Ordinance of the University is reproduced below:

- a. That post was in an equivalent grade/scale of pay as the post of Lecturer.
- b. The qualifications for the post were not lower than the qualifications prescribed by UGC for the post of Lecturer.
- c. The Lecturers concerned possessed the minimum qualifications prescribed by UGC for appointment as Lecturer.
- d. The post was filled in accordance with the prescribed selection procedure as laid down by the University/State Government.
- e. The appointment was not adhoc or in a leave vacancy of less than one year duration.
- f. No distinction should be made with reference to the nature of management of the institution where previous service was rendered(Private/local body/Government) if the above criteria are satisfied.

In the instant case, it is found that the qualification prescribed for the post of Lecturer is comparatively higher than the Scientific Officer although Dr. Baul is a Ph.D degree holder. The qualifications prescribed for a Scientific Officer is M.Sc. plus 3 (three) years experience

However, the matter was further referred to the Legal Officer of the University for his comments/views. The views expressed by Legal Officer of the University is reproduced below:

“ The crux of problems arose in this case is determination as to whether Scientific Officer whose pay scale/grade is equivalent to that of Lecturer can be, like the latter, be extended the benefits provided under the Career Advancement Scheme. It may be stated that the pay scale alone is not the guiding factor or criteria for determining the status of the post or eligibility criteria but there are more important consideration particularly qualifications, experiences attached to the post. In the instant case, it is seen that the eligibility qualifications prescribed for the post of Lecturer is comparatively higher than those of Scientific Officer. Thus, the position of the Scientific Officer cannot be equated with that of Lecturer. Though Dr. Basu Baul is having Ph.D degree, otherwise, eligible to apply for the post of Lecturer. He will, however, get the benefits of Career Advancement Scheme on the due date after of joining the post of Lecturer in the Chemistry Department. He does not qualify for counting his service rendered in the post of Scientific Officer for placement in senior scale/selection grade provided under the C.A.S.

Incidentally, it is seen that the Executive Council in its Minutes of the 120th meeting held on 17.12.2004 has approved the past service of Dr. Baul as Scientific Officer to be counted for the purpose of granting him the benefit of CAS in the grade of Lecturer.

In view of what is stated above, Legal Cell is of the opinion that with a view of avoiding a precedent it is better to review the aforesaid Resolution of the E.C. for counting the service rendered in the post of Scientific Officer for the purpose of the benefits of CAS in the grade of Lecturer”.

In view of the above, it may be said that Dr. Baul cannot be given the benefit of his past service as Scientific Officer for the purpose of consideration of Senior Scale at Lecturer grade.

6:6:1(3)

In order to extend the benefit of CAS to Scientific Officers of RSIC, a reference was made to UGC for clarification vide Annexure-A. The UGC, in response, clarified that the Scientific Officers are to be considered under Assured Career Progression Scheme vide Annexure-'B'. In this connection, the Council may like to reconsider its decision adopted vide resolution No.EC:120:2004:6:6(ii).

The matter is submitted for consideration of the Council.

Subj: Clarification on promotional avenues for Scientific Officers in RSIC.

Sir,

I would make you kindly aware that there are a number of Scientific Officers working in RSIC in the pay scale of Rs.8000-13,500/- for quite sometime without having any promotional avenues in the University and accordingly the affected incumbents have impressed upon the University to formulate and make some promotional avenues for them. The next senior post is Senior Scientific Officers which have the same pay scale as Readers. Beyond that one has the erstwhile Principal Scientific Officers or in the specific RSIC case a post of Professor.

The qualification of the Scientific Officers is M.Sc. plus three years experience. Depending on the requirement, some typical qualifications sought were:-

- (i) **Scientific Officer (FT-NMR)** : M.Sc. or equivalent in any branch of science/B.E(Electronic) with minimum three years hands-on experience in the operation and maintenance of FT-NMR Machine. Job Requirement: Operation and general maintenance of FT-NMR Machine.
- (ii) **Scientific Officer (LC-MS)**: M.Sc. or equivalent in any branch of science with minimum three years hands-on experience in the operation of HPLC. Desirable : working experience in the operation of LC-MS. Job Requirement: Operation and general maintenance of LC-MS.

The Scientific Officers have been given increment for Ph.D award , similar to teachers. They are not considered teachers and perhaps the closest parity would be of Technical Officers in USIC. In the absence of any UGC guidelines ,we are unable to decide the promotional avenues to be extended to such Scientific Officers.

P.T.O

6:6:1(5)

In view of the above, I am to request you to kindly examine the matter and to provide us with the guidelines, if any, considered by the Commission for the said purpose or otherwise. It may kindly be clarified as to whether Assured Career Progression Scheme can be extended to the Scientific Officers since they are considered to be isolated post.

Looking forward to your early response.

Thanking you,

Yours faithfully,

(D.T.Khathing)

I am quoting from the above mentioned letter :

It is a unique situation, since I am superannuating on the 31st of March, 2007. I am willing to work further in the North-Eastern Hill University, Shillong under all the existing rules and regulations of employment in force.

However, I have not received any notification from the North-Eastern Hill University, Shillong in this regard.
