Subj : Forwarding of letter of Dr. R.K. Poddar, Reader, Department of Chemistry, seeking permission to join Seth G.B. Podar College, Nawalgarh, as Principal of the College.

Sir,

I am herewith enclosing a letter received from Dr. R.K. Poddar, Reader, Department of Chemistry, seeking your permission to join Seth G.B. Podar College, Nawalgarh, as Principal of the College. In his letter Dr. Poddar has requested for lien for a period of two years and to be relieved by 7th July 1998. The necessary documents are enclosed for your kind consideration.

In forwarding Dr. Poddar's letter to you, I would like to place the following facts for your kind consideration :

(1) The appointment letter of Dr. R.K. Poddar clearly states that he would be on probation for a period of one year from the date of joining the College, and that his appointment is subject to the approval of the State Government. Since Dr. Poddar would be on probation for a period of one year, his request for granting him lien from the University can be considered for a period of one year only. This is being done with the understanding that his period of lien for one year should not be extended any further, without consulting the Department.

(2) While forwarding his application for the post of Principal of this College, the Deputy Registrar, Establishment. II had clearly stated to the College that in the event of Dr. Poddar's selection, he would be released as per the University Rules (Copy of letter from Dy. Registrar, Estt. II is enclosed).

(3) The M.Sc examinations for the II & IV Semesters will be completed on 18 July 1998. The IV Semester Project Work Evaluation has been fixed for 20th and 21st July 1998. During the period of conduct of Examinations in the Department, it is imperative that all teachers should be present for this purpose. Further, since the IV Semester Project Work evaluation is done by an External Examiner, the presence of all Faculty Members is essential during this examination.

(4) The schedule of teaching for the coming Session (1998-99) comprising courses pertaining to the I and III Semesters for the new Batch joining the Department from August 1998 will have to be finalised shortly. At this stage, it would be difficult for the Department to run the courses during the coming Semester, considering the depleted strength of Faculty Members in our Department. Moreover, the Department has not yet been able to make necessary arrangements for the teaching of courses for the coming Semester by way of inviting Visiting Professors/Fellows for this purpose. I am exploring this possibility, at the present moment. Since this process of inviting Visiting Fellows may take sometime, it will not be in the interest of the Department and the Students to be without sufficient Faculty to teach the courses during the coming semester. Hence, some time will be required for the Department to finalise the possibilities of a Visiting Fellow being able to help the Department in the teaching of the Courses in the coming Semester beginning in August 1998. The request of Dr. R.K. Poddar to be relieved by 7.7.98 cannot be considered at this stage, since it will immediately put the Department under a great deal of academic stress, and would not be in the interests of the students of the Department. The University may consider relieving Dr. R.K. Poddar as per the Rules laid down for this purpose.

I shall be grateful if you could kindly give this matter your kind consideration before taking a decision.

Thanking you, and with kind regards,

Yours faithfully,

Mahendra K. Mahanti.
