

(x) Construction of Cement Concrete drain at Mayurbhanj Complex.

The Headman of Lawjynriew, Nongthymmai, Shillong approached the University for permission to construct the Cement concrete drain from NEHU gate upto the main drain of Lumbasuk Lawjynriew near the House of Dr.Laloo. The proposed drain would cater to the need of the residents living along the NEHU boundary at Mayurbhanj Complex which would provide a common drain to divert the house hold water from stagnating inside the NEHU land.

The Headman also mentioned clearly that the expenditure of the proposed drain would be met by the locality from their own development fund.

After due consideration the matter was approved administratively and communicated to the party concerned.

The matter is placed before the EC for ratification.

No.F.9-1/EMS/98-99/1272
