

- xii) Minimum qualifications prescribed for appointment of Lecturers, Readers and Professors reg.

The University Grants Commission prescribed the qualifications for appointment as Lecturers, Readers and Professors in Universities/Colleges.

Now, the Commission vide its letter No.F.4-12/86 (NET), dt.18.5.98 (Annexure-'A') has intimated that the subjects of Computer Applications and Electronic Sciences have also been included in the National Eligibility Test for J.R.F. award and Lecturership from June and December, 1995 onwards respectively. The qualification of NET or SLET (accredited by UGC) in the aforesaid two subjects is mandatory with effect from the date of declaration of results i.e. 29.11.95 for Computer application and 13.5.96 for Electronic Sciences. The Commission in the aforesaid letter has further stipulated that in case the University has already appointed such candidates (who don't possess NET or SLET (accredited by UGC) qualifications) as Lecturers on permanent basis after 29.11.95 and 13.5.96 in Computer Applications and Electronic Sciences respectively without the prior permission of UGC, the candidates have to clear the NET within two years time from the date of this letter or their services may be terminated.

On the above context, it may be stated that since, as of now, the departments of Computer Applications and Electronic Sciences do not exist in the University, apparently no action is warranted in the matter for the time being. But however, the aforesaid qualification as prescribed by the UGC will have to be made effective as and when the above two disciplines come to exist in the University. Meanwhile, the University Grants Commission's letter may be circulated to affiliated colleges for doing the needful.

Hence the, matter is hereby placed before the Council for consideration and approval.

Sub: Minimum qualification prescribed for appointment
of Lecturers, Readers and Lecturers, Readers and
Professors-Reg.

Dear Sir,

As you are aware that the present minimum qualifications prescribed for appointment of Lecturers, Readers and Professors in Colleges and Universities have come into effect from 19th September, 1991 onwards. As and when changes are made in the policy matter this office has intimated the same to all the Universities/Service Commissions and Education Secretaries. In spite of our repeated reminders/circulars it has been observed that few election committees/recruitment bodies have not followed the rules strictly. In order to provide quality education and to avoid legal complications, this office expects your kind cooperation to implement the rules strictly.

As UGC has included the subjects Computer Application and Electronic Sciences in the National Level Eligibility Test for J.R.F. award and Lectureship from June and December, 1995 onwards respectively, NET (or) SLET (accredited by UGC) qualification is mandatory for these subjects also with effect from date of declaration of result i.e. 29.11.95 for Computer Application and 13.5.96 for Electronic Sciences. If NET/SLET qualified candidates are not available, the recruitment body may refer the case to Additional Secretary-I, UGC, New Delhi-2 for specific exemption with complete justification.

If the University has already appointed such candidates (who don't possess NET or SLET (accredited by UGC) qualification) as Lecturers on permanent basis after date 29-11-95 & 13-5-96 in Computer Science or Electronic Science respectively, without the prior permission of this office, the candidates has to clear the NET within two years time from the date of this letter or the services may be terminated.

Receipt of the letter with action if any may please be acknowledged.

Yours faithfully,

Sd/-Dr.P.S Rajput
Joint Secretary
