

6:7:- Others

- (i) Allotment of land (approx.4m x 3m) at Social Science Complex at Mayurbhanj for installation of a transformer mounted on steel poles.

The residents of ^{Rngi Jynriew} Lowjynriew, Nongthymmai, Shillong has requested the University authority to allot a small plot of land approx.4m x 3m at Mayurbhanj Complex for installation of the Sub-Station Transformer 11/0.4KV (Pole mounted) due to low voltege of electricity in the said locality for the Public interest as per Annexure.I.

The plot of land indentified is situated at the main entrance to the Social Science Complex behind the Guard Room. According to the Petitioners' version the land need not be developed as the transformer is to be mounted on poles. This transformer will also benefit the accademic departments of NEHU. The Technical Consultant CDD. has endorsed that it is technically feasible.

The matter is placed before the Council for consideration.

D.O.No.Tcl.36/98/22

Date : 9.10.98

Dear Dr.B.Pakem

In inviting a reference to the letter dt.5.6.98 from the residents of Ryngi Jynriew, Lawjynriew, Nongthymmai, Shillong-14 to your address (copy enclosed herewith for ready reference), I would request you kindly to use your good offices to consider the matter early in the interest of public service especially when winter and examinations of students are approaching and as you may also know, in winter the low voltage problem will be more serious.

With kind regards,

Yours Sincerely,

Sd/-

(Tony Curtis Lyngdoh)

Dr. B. Pakem,
Vice-Chancellor, NEHU,
Shillong.

Yours faithfully,

(J. W. Lyngdoh)

Ryngi Jynriew

From

The Residents of Ryngi Jynriew
Lawjynriew, Nongthymmai, Shillong-793011

To,

The Vice-Chancellor,
North-Eastern Hill University,
Mawlai, Main Campus, Shillong-793022.

(Through the Headman, Nongthymmai Lawjynriew, Shillong-14)

Respected Sir,

On behalf of the residents of Ryngi Jynriew, we the Rangbah Dong would like to bring to your kind notice the following facts for your information and favourable action.

1. That Sir, because of the increasing number of residential buildings in the locality, the electricity supply has become inadequate and the supply voltage quite low especially during peak hours. This has created a lot of inconvenience to the residents particularly the school going children who have to attend to their study.

2. That Sir, we have apprised the Me. SEB of our difficulties with a request to solve this low voltage problem.

3. That Sir, The Me. SEB has assured us that, if a small plot of land (approx. 4m x 3m) is made available to them then they would install an 11/04 KV Sub-Station Transformer (pole mounted) and this will be done during the current financial year.

We earnestly request you Sir, to use your good office and help us out once again by making available a small plot of land near the Social Sciences Departments so that the Me. SEB can go ahead with the installation of the much needed transformer. It may be mentioned that this will also improve the electricity supply to the above departments.

We shall remain grateful.

Yours faithfully,

Sd/-
